Advt. No. 11/ITER-India/2009 Requires Engineers for Planning & Scheduling

The **International Thermonuclear Experimental Reactor** (ITER, <http://www.iter.org>) is a 5 Billion Euro project in which India is one of the seven members with 9.09% contribution of equipments. (This will be supplied 'in-kind', i.e., by building the systems/components in India and sending them to the construction site at Cadarache in France). The activities in India are coordinated by the Domestic Agency called ITER-India (<http://www.iter-india.org>). To help it in carrying out its responsibilities for the ITER Project, ITER-India wishes to appoint Engineers in the area of **Planning and Scheduling**. While these appointments are for the period of Construction phase of ITER which is about 10 years, it is likely that these will continue further into the Operation phase which may be for another 20 years. Details of the posts are given below:

Sl.No.1 **ENGINEER – SD** **(No. of Post 1)**

QUALIFICATION & EXPERIENCE: B.E. / B.Tech. / B.Sc. (Engineering) in Mechanical / Production Engineering (First Class) + minimum 4 year relevant experience or M.E. / M.Tech. In Mechanical / Production Engineering (First Class) + minimum 2 years relevant experience.

Relevant experience as stated above in the area of Planning and Scheduling with reputed organization(s) is required. The person should have experience of handling and execution of large projects involving integration and commissioning of Mechanical or Electrical systems. Candidates with working experience in PRIMAVERA software will be preferred.

JOB DESCRIPTION: The selected candidate is expected to assist in maintaining and strengthening the overall Planning & Scheduling activity at ITER-India. The work includes ensuring detailed schedule development using PRIMAVERA software as per the prescribed standards and best practices, regular schedule updating, schedule analysis and management reporting, schedule integration, development of common process/activity templates, training & maintenance of resources, interfacing with the technical teams and the ITER central teams.

Sl.No.2 **ENGINEER – SC** **(No. of Post 1)**

QUALIFICATION & EXPERIENCE: B.E./ B. Tech./ B. Sc. (Engineering) (First Class) in any Engineering discipline / M.C.A. (First Class) with graduation in Science Stream. Working experience of 1 Year in Planning and Scheduling using PRIMAVERA software with a reputed organization(s) is preferred.

JOB DESCRIPTION: The selected candidate is expected to work for the schedule development based on the user inputs, regular schedule updating & progress reporting of different procurement packages using PRIMAVERA software and other relevant tools.
