

**INSTITUTE FOR PLASMA RESEARCH
BHAT, GANDHINAGAR 382 428**

June 19, 2017

SAD DEMISE

It is with a deep sense of grief that I regret to inform that Prof P K Kaw, Founder Director, Institute for Plasma Research, DST Professor-IPR has left for heavenly abode on 18th June 2017. Prof P K Kaw, an eminent and a well-known plasma physicist, Padmashri awardee will be remembered for his gentle and magnanimous nature.

It is a huge and irreparable loss to the whole nation at large and IPR in particular. His contributions in plasma and fusion sciences and for his tireless efforts in nurturing the Institute for Plasma Research since its inception will be remembered for long.

D. Chenna Reddy

(D Chenna Reddy)

Dean (R&D)
